VOL. XXII, NO. 249 GAINESVILLE, FLORIDA, SATURDAY, NOVEMBER 25, 1905 TEN CENTS A WEEK

ELECTION FRAUDS CAUSE OF MURDER

Man Killed in Barroom in the East Side New York.

NINE PEOPLE ARE ARRESTED

A Dance Was In Progress In Hall Above the Saloon in Which a Row Was Started and About 50 Revolver Shots Were Fired.

New York, Nov. 24.—Election frauds are believed by the police to have caused the murder last night of W. F. Harrington in the little Naples dance hall and also the probably fatal injuries of Abraham Juckerman, who was found with a fractured skull some distance away from the little Naples. The dance hall is at 57 Great Jones street and was conducted by Paul Kelly leader of an east side gang. From papers found on the dead man and from information obtained from nine prisoners, two of them women, who were arrested after the murder the police learned that the quarrel started over election returns.

One of the prisoners had a marked ballot of the last election in his pocket. Harrington was killed in the barroom of the little Naples during a revolver battle which left the place bespattered with blood and riddled the picture on the wall.

Bartender Bernard Escotte, one of those under arrest, said that the fight started when four members of the Liberty association, which is hostile to Kelly, entered the room after midnight. One of these men, Escotte says, immediately ordered drinks for the whole crowd. When every one was drinking he insolently pounded with his fist on the bar and exclaimed:

"My best friend was shot here Tuesday morning. Are there any of you here who know how to shoot? If you do, I'd like to have you to begin."

The challenge was accepted, and in the battle which followed the police say that 50 shots were fired. When the officers arrived Harrington was dead on the floor and all the others including the wounded in the dance hall had fled after turning out the lights.

The dead man's dog was found crouching over his master's body and whining.

The police believe that a quarrel over the division of election money was the original cause of the fight.

BUSY DAY FOR FEDERATION.

Brewery Workers' Union and Three Other Unions Have Clash.

Pittsburg, Nov. 24.—The dispute between the Brewery Workers' union and the engineers, firemen and teamsters' unions was up again before th American Federation of Labor at this morning's session.

The substitute provides for the settlement of the trouble by arbitration by the central unions and is adoptiop was bitterly opposed by the brewery workers. It was charged that the Brewery Workers' union acepted members properly belonging to the other three unions.

The San Francisco resolution prohibited this and the penalty was the revocation of their charter.

The agreement, it was alleged, had not been lived up to by the Brewery Workers' union and while their charter was not demanded, the other organizations asked the convention to compel the brewery workers to refuse members not eligible to their union.

New Religious Paper for Atlanta.

Atlanta, Nov. 24.—William D. Upshaw, well known all over Georgia, is at the head of a stock company which has just been formed, with $50,000 capital, nearly all of which has been paid in, which will publish with the beginning of the new year a new weekly paper in Atlanta. This company has already bought The Religious Forum, a weekly publication of a religious nature, which has met with considerable success during the nine months of its existence. It will, therefore, have a good foundation when it begins publication of the proposed new weekly.

JAPS INDIGNANT AT BRYAN.

He Wanted to Purchase a War Stool which Was an Heirloom.

Victoria, B. C., Nov. 24.—Japanese newspapers received by the steamer Shawmut criticise William J. Bryan, now visiting Japan, because of his attempt to purchase the war stool on which Admiral Togo sat when the Shinto ceremonial in Uyeno park at Tokio to celebrate the naval triumph.

The stool, which was used for a similar purpose for centuries, since 1607, has been handed down in the Ogasawara family of Shinto priests which family alone has the authority to conduct such ceremonials.

As told by vernacular Japanese newspapers, William J. Bryan went from Yokohama to attend the ceremony and asked to be permitted to sit upon a seat of such good omen. No objection was made, but, so the story runs, Bryan then tried to purchase the heirloom. As it had sanctity in Japanese eyes, there was only indignation. The owners replied indignantly that the war stool was not for sale.

The Jiji Shimpo says the chair was finally handed over to Mr. Bryan at his earnest request after a family consultation of the Ogaswaras. Learning after leaving Tokio of the special character of the chair, Mr. Bryan returned it to the mayor of Tokio with a letter explaining that he had no idea of the stool's exceptional value to the Ogasawara family, and under the circumstances could not think of retaining it. The Tokio paper says Mr. Bryan bought a common chair on which Admiral Togo sat in a restaurant.

REFORMERS MEET IN NEW YORK

Dinner Will Be Given and Prominent Men Will Speak.

New York, Nov. 24.—To give impetus to the anti-boss movement and to bring the reform leaders together, the city club will give a dinner next Tuesday evening at which the leading victors in the reform fights at the recent election will be guests. The speakers will be District Attorney Jerome, Mayor Tom Johnson, of Cleveland, Senator-elect Colby, of New Jersey, and probably Mayor Weaver, of Philadelphia. Invitations have been sent to Mayor-elect Dempsey, of Cincinnati; Mayor Fagan, of Jersey City; William P. Martin, and Frank H. Sommer, of Newark; George Record, of Jersey City; Frank Whitelock, mayor-elect of Toledo; Mayor Osborne, of Auburn, N. Y.

James R. Burnett, chairman of the club's dinner committee, said yesterday:

"The dinner is not so much to celebrate recent victories as to bring together the leaders of those movements in order that by a comparison of experiences we may learn what we may fairly expect in the furture from independent movements of this character."

Celebration for Jap Armies.

Victoria, B. C., Nov. 24.—Great preparations are being made for celebating the return of the Japanese armies from Manchuria, according to the report of the steamship Shawmut. Major General Sako and the Tumen army from North Korea were landing at Ujina amid great acclaims when the steamer sailed, and 36 transports were awaiting at Daihen (Dalny) for other troops. Traffic on Japanese railroads has been interrupted and preparations are being made to make a record for celerity. All the troops are expected to be home in six months. Officers of the rank of major general and upwards, will proceed at once to Tokio to have an audience with the emperor. Merchants of Yokohama have erected an arch costing $6,000 at the railroad station in honor of the troops.

Young Lady Commits Suicide.

Nashville, Tenn., Nov. 24.—A Madisonville, Ky., dispatch to the Banner says that Miss Mary Rosa, prominent young lady of this county, committed suicide this morning by shooting herself. It is supposed the deed was brought about as the result of a duel fought by two young men about a month ago in which one of the participants was killed. Both men were lovers of the girl and they fought as a result of jealousy.

SURPRISE IS SPRUNG IN THE BURTON CASE

Government Places a Company Official on the Stand.

GIVES SENSATIONAL TESTIMONY

Tells of the Deal He Made With Senator Burton to Represent His Company Before Authorities Which Was Charged with Fraud.

St. Louis, Nov. 24.—The government sprang a surprise in the trial of United States Senator J. R. Burton, of Kansas, charged with being the paid attorney for a corporation in matters pending before the postoffice department by introducing as a witness today Charles H. Brooks, former president of the company, which was the predecessor of the Rialto company and former president of the National Securities company.

Brooks testified that a conference bewteen Senator Burton, R. H. Kastor and himself, Senator Burton was introduced by Kastor, who said the senator was willing to represent the National company. Brooks said he did not see how the senator could be of any use to him.

"Kastor replied," continued the witness, "here is the man. He defeated your fight against Major Denny, president of the Rialto company preventing the issue of a fraud order by the postoffice department. I replied that in that case, it might be well to employ Senator Burton as Kastor assured me that as all speculative companies in St. Louis were under investigation and that trouble might be made for me.

"There was some general discussion between myself and Senator Burton as to the terms and other matters, but no definite arrangement was reached."

The government also brought out the fact that Brooks is now awaiting a decision of the court of appeals on his conviction on a charge of conducting a scheme to defraud in connection with the national securities company. On cross-examination the defense attempted to show that the testimony of Brooks was secured by certain promises of immunity made by the federal authorities. Brooks denied this.

The government then asked permission from Judge Vandeventer to introduce one additional witness upon his arrival in the city and with this exception Colonel Dyer announced that the prosecution had completed its case.

Attorney Lehmann objected, claiming the defense had the right to know the prosecution's entire case before attempting to controvert it.

John Vandeventer ruled that if the witness was on hand at the reconvening of court at 2 p. m., he could be heard, but at that hour the defense should begin.

Killed Man and Self.

Nyack, N. Y., Nov. 24—The body of William H. Jones, who last night shot and killed Harry Britton and wounded Frank Britton was found this morning at the rear of the Baptist church near the scene of last night's murded. Jones had shot himself through the heart with a revolver being found near the body. The discovery of the body followed an all-night search for Jones, which began soon after the shooting at the Britton home. The murder and suicide followed an attempt of Jones to see Jesse Britton wife whom he was infatuated. Her brother refused him admittance to the house, when he drew a revolver and began firing. Harry Britton was killed instantly and his brother Frank was severely wounded.

Will Raise Togo's Flagship.

Victoria, B. C. Nov. 24—Salvage operations were progressing vigorously on Togo's sunken flagship Mikasa when the Shawmut left Japan, the authorities being determined to raise her with the least possible delay. The theory now entertained in Japan naval circles for her loss is that decomposition set in among the explosives in the magazine and spontaneous combustion resulted.

NEW WARSHIPS RECOMMENDED.

Board of Construction Wants Congress to Appropriate Much Money.

Washington, Nov. 24.—Three first-class battleships of at least 18,000 tons displacement and 18 knots speed, three second-class cruisers of 5,000 tons displacement, one gunboat of the Helena class, and three other gunboats of light draught, two for use in the Philippines and two for service in the rivers of China, with additional torpedo boat and torpedo boat destroyers are the principal recommendations of the board of navy in its program of new construction to be authorized by the next congress, which is now under consideration by the board of construction.

At its meeting tomorrow the latter board will complete is report upon the practicability of the proposed types of ships contained in the general board's program and the two reports will be forwarded to the secretary. Although appreciating fully the necessity of scout cruisers in time of war the need of an adequate force of destroyers and torpedo boats and the immediate desirability of small gunboats for service on the Asiatic station, several members of the board of construction are in favor of concentrating the fight for additional ships upon the first recommendation of the general board—that for three new battleships.

The board is now figuring on the possibility of adding to ships of 18,000 tons trial displacement, two 14 inch guns in excess of the number carried by ships of 16,000 tons trial displacement.

The opinion of the board as to speed for the new battleships is also awaited with interest, many officers being in favor of a battleship capable of making 19 knots speed instead of the 18 recommended by the general board.

JUDGE TALKS TO REPORTERS.

Boston Official Tells Them to Refrain from Printing News.

Boston, Nov. 24.—Judge Stevens of the superior criminal court, who will sit at the trial of the defendants in the famous "suit case" tragedy yesterday summoned representatives of the local newspapers before him and gave them a statement of his views regarding newspapers handling the case. He said:

"The case of the commonwealth versus Crawford, and others, has been assigned for trial next Monday. This case has received great publicity, and great public interest has been manifested in it. It is of the utmost importance that it be tried by an absolutely impartial and unprejudiced jury. Hereafter newspapers should not publish any news or make any comment upon this case. They should publish none whatever about the case until the trial, when, of course, they have a perfect right to publish the proceedings."

Deficit in Pension Roll.

Atlanta, Nov. 24.—There will be a deficit of nearly $20,000 in the pension rolls for 1906, acording to the report made to Governor Terrell by Pension Commissioner J. W. Lindsey, who has just completed the rolls for next year. There were 2,538 new applications for pensions filed with the commissioner this year, out of which he approved 1,354 and disapproved and returned for amendment, 1,254. With the new applications approved the total number of pensioners for 1906 will be 15,398 as against 15,057 for 1905, a net increase of 341, allowing for a total decrease of 1,021 from the 1905 rolls on account of deaths. From past experiences, however, the death rate is quite accurately estimated.

Sultan Says "Nay" to Powers.

Constantinople, Nov. 24.—The sultan today issued an irade approving the decision of the council of ministers to reject the demands of the powers for international control of the finances of Macedonia. Whether the rejection is absolute or conditional has not been definitely ascertained. Vice Admiral Hushi Pasha has started on a special steamer for the Dardanelles presumably with instructions for the commander of the forts regarding the commanders' conduct in the event of the appearance of the international fleet. Similar instructions have been sent to the governors of Turkish islands in the archipelago.

PRICE OF COTTON CONTINUES UPWARD

The fleecy Staple Steadily Increases in Value.

HIGHER PRICES ARE PREDICTED

New High Level For Season Is Reached in Futures—Shorts Continue Their Rush to Cover and Bulls Are Jubilant Over Prospects.

New York, Nov. 24.—The cotton market opened weak at a decline of 8 to 16 points, but attracted a tremendous demand at the decline with one interest credited with purchases of 10,000 bales of March and as much of May on the call.

Some local professionals, New Orleans and Liverpool interests were sellers, but the market showed little disposition to yield and toward the end of the first hour, became very active and strong, the prices showing a gain of 8 to 9 points on the active months.

The opening decline was due to lower cables, but Liverpool rallied after the local opening and New Orleans after opening lower, also advanced sharply. The market developed increasing strength and activity during the late fornoon and around midday was sensationally active and excited on a panic on recent sellers, aggregate bull support and liberal buying through wire and commission houses.

Prices were 30 to 35 points up from the lowest, or about 22 to 24 points net higher with March selling at a new high level for the season and bulls predicting 12c for that portion before the close tomorrow.

Spot cotton quiet; middling uplands 11.75; middling gulf, 12c.

New Orleans Market Excited.

New Orleans, Nov. 24.—The condition of the cotton market this morning was again very exciting. Opening 11 to 14 points down, fresh outside buying and heavy short covering soon put prices up some 40 points form the lowest. March, which opened at 11.53, sold as high as 11.94, or 41 points higher before a reaction set in, which eased that month to sell off to 11.85. Most of he advance was due to short covering, which started fresh outside buying.

Killed by Train While Praying.

New York, Nov. 24.—Mary G. McCarthy knelt and prayed on the tracks of an elevated railroad, while the train in front of which she had leaped with the purpose of ending her life bore down upon her too close to be stopped by its crew. The girl jumped from the platform of a station at Sixty-sixth street and Columbus avenue. Although at first she fell prostrate, Miss McCarthy hurriedly arose to her knees and before the train struck her had raised both arms and clasped her hands in an attitude of prayer. She was killed almost instantly.

Baggage Check Swindlers at Work.

Chicago, Nov. 24.—The Chicago and Alton and several western roads are suffering from the operations of baggage check swindlers. The game is a new one. Most of the railroads have discarded the old-time brass checks and now use a card on which is written the destination, route and other particulars. These cards are easy to imitate and when the sharper notes the wording and number of a check upon a piece of baggage that has just arrived it is the work of but a few moments to prepare a duplicate.

Handbooks Barred in G. P. O.

Washington, Nov. 24.—"Handbooks in the government printing office will not be allowed." This is the gist of an order being enforced by Acting Public Printer Ricketts in the government printing office. The subject was visited by an anonymous letters received by Mr. Ricketts this week naming two or three men who were making handbooks secretely on the Benning races. Mr. Ricketts called the men to his office yesterday and told them to stop operations or he would discharge them.

AND JURY MAKES PRESENTMENTS

Opposed to Offering Rewards for Violators Local Option Law.

ASK THAT ORDER BE REVOKED

Call Upon Officers to Investigate as to Whether Persons Granted License to Carry Pistols Are Carrying Them According to Law.

Gainesville, Fla., Nov. 23, 1905.

Hon. J. T. Wills, Judge of Eighth Judicial Circuit, State of Florida, In and for Alachua County, Florida.

We, the Grand Jurors for the Fall term of Circuit Court of Alachua county, having completed our labors, beg to present to you this, our final presentment.

During this term we have endeavored faithfully to discharge the duties encumbent upon us, giving careful attention to all complaints made to us, and where in our conscientious judgment a violation of law was evident, we have made proper returns therefor. We have been in session ten days. We have had before us thirty-eight cases, and have examined one hundred and seventy witnesses.

We regret to report that in a number of cases coming before us, forwarded from the several justices of the peace of this county, many papers necessary for us in our investigation were missing, such as affidavits, warrants and witness recognizances, which has occasioned some delay on our part, and perchance defeated a full investigation by us in some instances. We recommend that hereafter all justices of the peace comply with the law in forwarding to us all papers issued by them in their preliminary examinations, and in addition, they make a written statement of the testimony of all witnesses appearing before them in such preliminary examinations. The latter we especially urge, not only because it is their duty under the law to do so, but because we are told by some of them that witnesses in cases before them give testimony sufficient in their judgment to warrant convictions, whereas, we have found in several instances, the same witnesses, when appearing before the Grand Jury, do not give such testimony as would warrant the Grand Jury in reporting a bill of this court.

We further recommend that all papers issued by any justice in a preliminary examination had before him, shall be returned by him as soon as the case shall be completed before him, to the clerk of this court, and that same shall be securely kept by said clerk to be presented to the next ensuing Grand Jury.

We find that nearly one-half of the cases before us for consideration during this term have been for the sale of intoxicating liquors in this county. We are of the opinion that the standing reward of $50 for the conviction of persons engaged in this unlawful business is largely responsible for the large number of cases before us. From our investigations of them we are led to believe that in many instances parties have been informed against, either from motives of personal enmity or desire to earn the reward, or both. It occurs to us, aside from the enormous expense that the payment of these rewards will impose upon the county (if the present term of court is an indication of what will happen in future), that this reward is a dangerous precedent by reason of the fact that in many instances witnesses in cases of this character are people to whom the large sum of money might be an inducement to present cases against persons who might not be violators of the law. This is more likely to be true in view of the fact that nearly every one charged with this offense is a negro and a large number of the witnesses against them are also negroes. We do not see that any discrimination should be made between the efforts to suppress one crime more than another, and so far as our observation goes our officers are diligent in the investigation and suppression of other classes of crime, and we feel fully assured that without the reward they will be equally faithful in the suppression of this particular crime as they are in all others. We therefore recommend that the county commissioners of this county immediately revoke the reward previously offered by them for convictions of all persons charged with selling intoxicating liquors in this county.

Our attention has been drawn to the fact that a large number of people who have taken out licenses authorizing them to carry a pistol according to law are carrying them concealed and we are advised that such an act upon their part is a violation of our law. We recommend that our sheriff investigate as to all persons who have secured these licenses for the purpose of ascertaining whether or not they are carrying the weapons they are licensed to carry in the manner prescribed by law.

We regret to report that we have found a large number of cases in the nature of violations of the minor criminal laws of our State, committed in various parts of our county, in which apparently no diligent effort was made by the lesser officials, like the justices of the peace and constables, towards the proper investigation and ascertainment as to who were the guilty parties. Our observation leads us to believe that it is from the germs of these small criminal acts that larger crimes are bred. We, therefore, recommend and urge upon our justices of the peace and constables that greater care and attention be given by them to all smaller criminal offenses that may be committed in their several communities, and that they faithfully endeavor to gather the evidence necessary to secure convictions in all that class of offenses, and that they promptly and vigorously prosecute the guilty parties in every instance.

We desire to express to Your Honor our sincere thanks for your many kindnesses shown us during the present session of the court. We also desire to offer our thanks to Hon. Benj. P. Calhoun, our State's Attorney, who has rendered us faithful assistance in the discharge of our duties.

To our sheriff, clerk of the court, their deputies, and our bailiff, we are also under many obligations for their uniform kindness and courtesy.

Having finished all business before us and presented all papers to this court we beg now to be discharged.

Very respectfully,
SAMUEL ELLIOTT BAUKNIGHT,
Foreman.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

City Directory For Sale.

We have a number of copies of Burts' City Directory for sale at The Sun office. It is a handy reference book for business and professional men, giving the names of residents, with street and number. Price, $2.

COMPOSITIONS IN PRISON.

Confinement Did Not Apparently Disturb These Men of Letters.

Imprisonment of the learned, whether legal or illegal, does not seem to have disturbed the man of letters in the progress of his studies.

It was in prison that Boethius composed his excellent book on the "Consolations of Philosophy," and Grotius wrote his "Commentary on St. Matthew" during his confinement.

While in the dungeon of a monastery in Portugal Buchanan composed his excellent "Paraphrases on the Psalms of David."

"Fleta," a well known and excellent law production, was written by a man confined in an English prison for life. His name, however, was not preserved.

During his confinement for five years on account of some state troubles Pelisson pursued with ardor his studies in the Greek language and produced several good compositions.

The best and most agreeable book in the Spanish language was composed by Michael Cervantes during his captivity in Barbary.

When Louis XII. was duke of Orleans he was taken prisoner at the battle of St. Aubin and confined in the tower of Bourges. While there he applied himself to his negelected studies, with the result that he subsequently became an able and enlightened monarch.

Margaret, queen of Henry IV., king of France, while confined in the Louvre warmly pursued the studies of elegant literature and composed a very skillful apology for the irregularities of her conduct.

During his confinement Sir Walter Raleigh produced his "History of the World."

Queen Elizabeth while imprisoned by her sister Mary wrote some very charming poems, and Mary, queen of Scots, during her long confinement by Elizabeth produced a number of pleasing compositions.

It was while he was cruelly confined at Holmsby that Charles I. wrote that excellent book entitled "The Portrait of a King," which he addressed to his son and in which the political reflections are said to be worthy of Tacitus. By some this work has been attributed to a Dr. Gander, a blatant radical of that period, but who was incapable of writing a single paragraph of it.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

As to Reporters.

No man is more unreservedly called a shameless liar than the newspaper reporter, and no man considers the slanders against him more lightly. His conscience is usually clear, his motives disinterested, his knowledge of human nature comprehensive, his sense of humor keen and his knowledge of his traducers complete.—Louisville Times.

The Seventh.

Minister—I made seven hearts happy today.

Parishioner—How was that?

Minister—Married three couples.

Parishioner—That makes only six.

Minister—Well, do you think I did it for nothing?

THE HOLLOWAY CASE OCCUPIED ALL FRIDAY

Jury Was Secured, When Taking of Testimony Began.

THE PROCEEDINGS ARE SLOW

Three Sessions of the Court Were Held Friday, the Night Session Lasting Until Late Hour—Many Witnesses Examined During Day.

The jury was finally secured and empanelled in the Sheate-Holloway case in the forenoon Friday, when the taking of testimony began.

The jury in the case is as follows: W. D. Tillman, John B. Polk, J. C. Baxley, F. T. Baker, J. M. Manning and M. E. Jolly.

At the beginning the witnesses in the case, who are many, were placed under the rule of the court, but in the afternoon this rule was waived, which permitted the opportunity of those who desired to hear the testimony. Nine witnesses were examined at the morning and afternoon sessions, when the court adjourned until 7:30 o'clock. During the night session, which lasted until a late hour, several other witnesses were placed upon the stand.

The case is being vigorously contested, many objections to certain testimony being offered by both the prosecution and defense. The court is not as largely attended as had been anticipated. The proceedings are very difficult and slow, and it will probably be several days before it is finished.

WEATHER REPORT.

Very Favorable in Many Sections, Good Rains Are Needed.

From the report issued from Jacksonville the 21st, it is learned that the week gave practically no rain. The need of precipitation is urgent, except in the few localities where there is some cotton to be picked. The persistent drought is causing serious concern among many vegetable gardeners. On high land everything is at a standstill, being too dry to plant seed or transplant truck. The low lands are in better condition and some progress is being made by plants that were put out early in the season. The low lands in Dade county are in a splendid condition and the trucking interest in being pushed. The week averaged warmer than the normal, although the first few days were colder than the average. The high percentage of sunshine, cool nights and dry weather were favorable to the maturing of citrus fruits. The fruit is rapidly improving in flavor and color; large shipments are being made. Cane grinding is active. The sweet potato crop is very good. Ponds and small streams are drying up, which is an unfavorable condition for stock. The week closes dry and cool with the forecast indicating rain during the next 36 hours.

From eleven towns no rain is reported, while six reported the weather dry. Aside from the lack of rain there can be no fault with the weather.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and $1. Sold by W. M. Johnson.

GEORGIA METHODISTS IN SESSION

Charges Are Preferred Against One of the Most Prominent Preachers.

Newnan, Ga., Nov. 24.—The feature of the opening day of the thirty-ninth annual session of the North Georgia conference of the Methodist Episcopal church, south, was the appointment of a committee to investigate certain charges against the character of Dr. W. W. Wadsworth.

The charges against Dr. Wadsworth developed when the report of Rev. J. W. Quillian, of the Elberton district, was made.

Conference voted to appoint a committee to investigate the charges, and Bishop Duncan appointed R. C. Cleckler, A. H. S. Bugg, and J. E. England, who retired and took up the work of examination.

Will the conference, now in session here, deal with the heresy charges that have been launced against Dr. Bradley, who for four years has occupied the pulpit of Trinity church, Atlanta.

That is the leading question of the hour, and all eyes are turned to the conference for developments. If the conference acts and sustains Dr. Bradley, it will settle a much-mooted question in Methodism.

If the conference does not act on the subject, it is held by some that it will mean practically the same thing as an indorsement of Dr. Bradley's position, and to that extent a committal of the conference accordingly.

Receiver for Mexican Concern.

Chicago, Nov. 24.—A receiver was appointed yesterday in the circuit court for the Commonwealth Mexican Plantation Association, which is said to have liabilities amounting to $670,133 and assets to $105,000. According to the bill the commonwealth Mexican company purchased property in Mexico for $40,000. Other holdings purchased bring the total assets of the corporation to $195,000. The bill charges that while the associotin has outstanding obligations of more than $500,000 there is no cash on hand with which to to meet these payments.

Want Import Duties Raised.

Windsor, Ont., Nov. 24.—The tariff commission held its first session here yesterday. Fruit and vegetable growers demanded higher rates of duty on imports, claiming that their market was flooded at times with Mexican products. Cigar manufacturers had a similar complaint. The Canadian Bridge company notified the commission that "unless anti-dumping" law was modified, they would be forced to remove their factory to American territory.

Candidates to Hold Joint Debate.

Columbus, Ga., Nov. 24.—An invitation to Hon. Clark Howell and Hon. Hoke Smith, gubernatorial candidates to hold a joint debate in Columbus in January will be formally presented to the two candidates, and in view of recent correspondence between Messrs. Howell and Smith it is regarded as assured that the joint discussion will be arranged. The invitation to the two candidates was circulated among the voters and was numerously signed by representative citizens.

Arrested for Making Cigarette

Chicago, Nov. 24—A dispatch to the Tribune from Lincoln, Nebr., says: Patrick Raymond, aged 18, was arrested yesterday while ligating a cigarette which he had just rolled for his own use in the presence of a city detective. He was fined $50 and costs. This is the lightest penalty prescribed by the law for "manufacturing" cigarettes.

Took It Like a Sport.

"Is there a chance for me, Gladys?"

"There is, George—one in a million."

George was a young man of some experience.

"That's too long a shot," he explained, picking up his hat.—Chicago Tribune.

Credit and Debit.

"Yes," said Sloppy, "the suit fits me splendidly. Great piece of work; it's a credit to you."

"Yes," replied the tailor, "and please don't forget that it's a debit to you."—Philadelphia Ledger.

Accidentally Kills Younger Brother.

St. George, Ga., Nov. 24.—Eleven-year-old Lamar Harn was shot and accidentally killed by his 13-year-old brother, Otis Harn, in front of the post-office. While on their way to the woods hunting, the gun slipped and fell from Otis' shoulder, striking a post while he was in the act of taking a drink of water, discharging the entire load in Lamar's right cheek, cutting it entirely away, and spilling his teeth on the ground. Death was almost instantaneous. No eye-witnesses to the accident.

Troops Withdrawn from Miners.

Chattanooga, Tenn., Nov. 24.—Special to the News from Whitwell, Tenn., says that troop B and a section of battery A of the state national guard, are on the way home. Both commands are made up of Chattanooga men and have been on duty at Whitwell for 12 days to prevent a collision between union and nonunion miers.

Fatal Explosion of Ammonia Pipe.

Houston, Tex., Nov. 24.—An ammonia pipe at the plant of the Houston Packing company, near this city, exploded this morning. It is reported that several persons were killed or injured.

A Designing Doctor.

The Sydney Bulletin tells of a motoring doctor who ran into and capsized a pedestrian. He looked behind him and, seeing the man still prone, made a circuit and ran back, intending to stop beside and help him. But the motor shot a yard or two beyond the mark and hit the man again just as he was getting up. The doctor turned his car once more and was cautiously stealing near to the prostrate sufferer when an excited spectator rushed from the sidewalk and, shaking the victim, exclaimed: "Look out! He's coming at you again!" Whereupon the man scrambled up and started to run.

Drawn In.

Hanson—How did you come to marry the widow Boncoeur instead of her daughter? I thought it was the daughter you were after. Janson—Well, so I was, to tell the truth, but when I asked Marie to marry me one day she said, "Ask mamma," and when I started to do it I stammered so with nervousness that mamma said "Yes" before I had the question out.

Qualities and the Sexes.

One of the charms of an intimacy between two persons of different sexes is that the man loves the woman for qualities he does not envy, and the woman appreciates the man for qualities she does not pretend to possess.—Nineteenth Century.

Proved.

"Do fishes grow fast, Jimmie?"

"Some of them do. My father caught one last year that grows an inch every time he tells about it."—Cassell's.

The understanding is more relieved by change of study than by total inactivity.—Cluion.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

WHAT SHE PLAYED.

The Last Music That Theodore Thomas Heard on Earth.

During the last illness of Theodore Thomas, although he was not at any time unconscious or delirious, he hardly noticed the members of his family as they came and went at the bedside. But one morning he seemed to be better.

He made little jokes with the doctors and his sons and talked about his White mountain home. At 12 o'clock he seemed tired. The editor of his autobiography says that he sank into a dreamy state, and then roused himself to say to his wife in a lingering, ecstatic voice:

"I have had a beautiful vision—a beautiful vision!"

Then he drifted off into silence.

His wife thought he was tired and went downstairs to luncheon, but chiefly with the purpose of leaving him to rest. He had given her a chime of bells, to be used in summoning the family to meals, and because of his illness they had never been rung in the house. Now, because he seemed so much better, she played on them a little bugle call that came into her head.

"Do you know what you have played?" asked one of the family. "Taps—the call that is sounded over the graves of dead soldiers."

She rushed back to the bells and played the call engraved on a metal plate above them. Afterward she found that this was reveille, the soldier's signal to rise.

So it had chanced that the last music Theodore Thomas heard on earth had been symbolic of death and the resurrection.—Youth's Companion.

Etiquette Would Forbid.

Old Salt—Now, if I told you what I went through when I was wrecked on the coast of Afriky you wouldn't believe it. The Landlubber—But—er—I wouldn't say so.

Between Christianity in the preaching and Christianity in the practice there is often a ground glass door.—Puck.

SUNSTROKES.

The man who overcomes his enemies without strife is greater than the most famous army general.

Don't urge people to make great promises, for often the keeping of them is considered of small moment.

There is always a demand for men of stamina as much as there is for men with capital, as without stamina there is generally a shortage on capital.

A great many people are born bilious, but try to deny their inheritance by throwing the blame onto the locality in which they reside.

The more noisy some music is the more classical it can be called. Harmony and the classics seem to be at variance with each other.

While we are making up big purses to send away to the heathen in foreign lands, why not look around home and see if we haven't got a place for a little money at home? Foreign missions are all right, but our neighboring city of Pensacola has had a hard siege of yellow jack the past few months. Are we sure there is no suffering there? Let charity begin at home.

Before we make a tirade about the faults of others, let us look and see if we haven't got a few defects of our own that need a bit of adjusting. The man who overcomes himself is as great as he who overcomes others. This is another kind of charity that should have a home headquarters.

A dealer of liquors at Palatka is sending out circulars soliciting patronage from people in Gainesville. That is one kind of "blind tiger" business that should be as much of a violation of the law as to "peddle" the stuff. But he sent a number to this city that will not profit him much, if any, as he has the names of people who know what effect his vile stuff has upon the man who uses it.

Some of the papers of the State will probably blame Governor Broward for not appointing a woman as superintendent of public instruction for Duval county. But he should at least be given credit for doing what he thought was for the best interest of the schools of that county.

"I believe it the best edition of its kind ever gotten out in the State," says a gentleman who is an excellent judge, in speaking of the Industrial Edition of The Sun, which is now being sent out from this office.

The Georgia politicians are trying to sign new men for next season. They are shy on "fielders," and several who are on the team now have failed to make a "hit" so far during the tour.

By the erection of canning factories in this State we can beat the world on many lines of canned goods. They can let the fruit get thorough ripe then before it is put up.

The Sultan will soon have trouble shortly. The people of this country will make a raid on Turkey next Thursday—provided they have the price.

THANKSGIVING.

The people of Gainesville, Alachua county and the entire State of Florida, have special reason to be thankful for the many blessings they have received during the time that has passed for the year to end November 30th.

In the matter of improvements the city of Gainesville, by the harmonious action of a majority of her citizens, has expanded her borders and has shown a united front for progress of the substantial sort.

In the matter of health we have indeed been fortunate, and there has been neither epidemic or contagion to cause the slightest uneasiness, which has been a blessing for which we should be duly grateful.

In regard to weather, we have had a typical Florida summer, with steady warm weather and frequent showers of rain, with no destructive storms to do any serious damage to buildings or crops, proving to the world that here we have the place where all can enjoy peace and plenty without the adverse storms that linger around the less favored sections of our common country.

With a climate that is filled with the purest of ozone, a people that are law-abiding and attentive to their own affairs, there can be no better place to abide. Our farms produce good crops, and if there is a partial failure in one branch, we have others to resort to, so that no famine can enter here and deprive us of all the blessings we might enjoy.

THE PLAIN FACTS.

Lake City ought to have requested Bartow or some other city affected by the Buckman bill to file the suit she has just instituted in the name of the Attorney-General of the State. Lake City insisted on the passage of the Buckman bill when she saw that she was to take from other school centers of the State what they had been laboring for years to build up, and move to Lake City. To assist Lake City came the talented and forceful Frank Adams of Jasper, whose financial interests in Lake City are extensive. Had Lake City joined the other school towns in the State the bill would have been killed. But in her selfishness to grab everything she lost all. It is a clear case of wiggling in the grave that she dug for herself. Lake City has not the sympathy of any section of Florida in this fight. She lost this when she failed to accept the decision of a board which was created largely through her instrumentality. Live Oak once voted to have the University located at Lake City. This is not the sentiment today. The University has been located at Gainesville and there it ought to stay. Lake City's claims are nothing when compared with the interests of the State, and ought not to be considered. —Live Oak Daily Democrat.

HOW EDITORS GET RICH.

After a good deal of study and work we have at last figured out why the many country editors get rich, says The Moorehead Coaster. Here is the secret of success: A child is born in the neighborhood, the attending physician gets $10, the editor gives the loud-lunged youngster and the happy parents a send-off and gets $0. It is christened; the minister gets $10, and the editor $00. It grows up and marries; the editor publishes another long-winded flowery article and tells a dozen lies about the "beautiful and accomplished bride;" the minister gets $10 and a piece of cake and the editor gets $000. In the course of time it dies and the doctor gets from $25 to $100, the minister perhaps gets another $15, the undertaker gets from $50 to $100, the editor publishes a notice of the death and an obituary two columns long, lodge and society resolutions, a lot of poetry and a free card of thanks, and gets $0,00. No wonder so many country editors get rich.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

Prince Louis of Battenberg had a date with a New York dentist and he charged him a thousand dollars for the work. Some of the sympathetic friends of Louis, who would rather see him spend his money in wine suppers for them, made a great howl. Why, bless you poor cheap skates, Dr. Senn, the great surgeon of Chicago, charges an ordinary man a thousand for reducing the fracture of a broken leg. Don't kick if you would belong to the 400.

Senator Knox of Pennsylvania declares that "the best railroad conscience of the country does not approve the extravagant propaganda now being carried on to convince the public that any regulative legislation would be unjust to the railroads." This is to be taken as a delicate compliment to the Pennsylvania Railroad Company, which is said to be quiescent so far as surface indications are concerned.

How George E. Tarbell got in his "graft" on the life insurance company might give Miss Ida a theme for a few sonatas.

A square deal on the tariff rates would surely avert any trouble with the nations that are governed with reason.

Stetson College has four new pianos for the Conservatory of Music, presented by the Hon. John B.

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nervine which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

"For eighteen years Dr. Miles' Nervine and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nervine, and at once I began to improve, and soon found myself in perfect health."

MRS. S. L. YOUNG,
324 Pittsburg St., New Castle, Pa.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Miami and West Palm Beach are soon to have telephone communication.

Live Oak is now enjoying the pleasures of the Riddell Carnival Company shows.

A company for the manufacture of concrete is soon to open up business at West Palm Beach.

The Seaboard Air Line will push their extension from Sarasota to Boca Grand as rapidly as possible.

St. Augustine has a population of 4,970, but New Augustine and other suburbs make a total of 6,157.

Blountstown is setting the pace for some of the towns in Calhoun county and there is general activity in that busy burg.

The crop of ostrich plumes recently harvested at the Jacksonville farm shows that industry to be thriving in this climate.

Edwin C. Kiley of Miami was arrested on Wednesday for obtaining letters belonging to another man. He got the letters at one of the city hotels.

L. B. Croom, the negro preacher who violated the separate street car ordinance, will get a 30-day job unless the higher courts declare the law of no account.

A freight train on the A. C. L. near Tampa was wrecked Wednesday by coming in contact with a bull on the track. The engineer was the only person injured.

The Madison High and Graded School opened Monday with the largest attendance in its history. Of course the Buckman bill had nothing to do with it.

Leesburg will have their canals completed in a short time, so that the steamers on the lakes in that vicinity can go from one to the other without any obstructions.

H. H. Palmer has been appointed Superintendent of Public Instruction for Duval county, to fill the vacancy. Mr. Palmer is said to be a man eminently fitted for the position.

Dr. J. Y. Porter, State health officer, has concluded his labors at Pensacola and gone to Jacksonville. He has been a most faithful worker in the yellow fever epidemic at Pensacola.

The life insurance policy holders of Jacksonville held a meeting Thursday for the purpose of securing some one to look after their interests. There was talk of selecting Tom Lawson.

Live Oak's bond election on Tuesday carried by a large majority, and that city will have paved streets, waterworks, a system of sewers, city hall and market and a fire department.

Miami is having a lot of undesirable people sojourning there, caused by the men who object to the work on the East Coast extension quitting their jobs and hanging around that city.

"Alligator Joe" of Miami was hit in the forehead with a beer bottle thrown by Sam Brown, a colored hackman, Monday night, and in the fight that followed Brown was badly cut with a knife.

The Madison county farmers have organized a cotton growers' association, and they have barred out all who are not genuine farmers. It is the right way. Let the farmers run their own affairs.

When Mayor Metcalf of West Palm Beach saw how blue his blue laws regarding Sunday closing of business places made the people look, he decided to have them modified so that the citizens could go out and get the milk for their coffee when the dairyman came along.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

WILL EXECUTE AMERICANS.

Mexicans Will Shoot to Death Men Convicted of Murder.

El Paso, Tex., Nov. 24—In Chihauhua, Judge Rice sentenced C. T. Richardson, C. S. Harle and William Mason, Americans, to be shot. The men were accused of murdering two men in Chihuahua, for life insurance money. Richardson was an insurance agent, Mason, his brother-in-law, the assistant agent, and Harle was the examining physician. It was charged that they murdered a man named Devers, who they decoyed from El Paso, and another man named Mitchell, who is said to be a half brother of Mason. Richardson is from Rochester, N. Y., where he married Mason's sister. The case has been in the Mexican courts three years. Harle formerly was an El Paso physician.

In Rochester, Mason was known as William Mitchell, and Richardson went by the name of Leslie E. Hurlburt. They left there suddenly because of alleged crookedness in divorce cases, which they handled. Mrs. Richardson (Miss Mitchell then) was a stenographer in Richardson's office before she married him. The case is one of the most noted in the history of American manipulation in Mexico, and is declared the boldest life insurance swindle on record.

Negro Charged with Arson.

Charlotte, N. C., Nov. 24.—Roy Monroe, a negro, was brought to the county jail here charged with the burning of J. L. Reid's barn with six head of horses. The fire occurred ten days ago. The negro has admitted causing the fire, but says it was entirely unintentional; that he was in the act of lighting his pipe and carelessly threw the match in a pile of hay that was near the building. Monroe is a negro of bad character. His brother, Will Monroe, was hanged in Charlotte several years ago, for committing a criminal assault on a prominent lady of this county.

Mississippians Lynch Negro.

Coahoma, Miss., Nov. 24.—Dave Sims, the negro who shot and killed R. F. Deacon Jones, at his home, one mile from Baugh station, in this county, Sunday night, was lynched by an armed mob at the scene of his crime. Sims was captured by a posse and immediately brought to this place. Several citizens interviewed the black at the store where he was taken for safe keeping, to whom, they state, he made a full confession. The fact being established, the negro was placed aboard a riverside local train and taken to the scene of the crime and lynched.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Baby Found in Sewer.

Atlanta, Nov. 24.—A new-born white baby was found in a sewer on Whitehall street, between Humphries street and Stewart avenue, near the E. G. Willingham Co.'s lumber yard, early Thursday morning, by a negro who was cleaning out the sewer. The baby appeared to have been born only a few hours when found. The child was wrapped in several layers of cloth, and looked like a bundle of clothing when first seen. Police headquarters and the coroner were notified. There was no clew, however, as to how or why th child was placed in the sewer. The police are investigating.

Overdue Transport Arrives.

San Francisco, Nov. 24.—The United states army transport Buford arrived last night from Manila, three days overdue. She encountered some very heavy weather after leaving Honolulu, and it took her nine days instead of six to make the run. She had on board 78 cabin passengers, thirteen in the steerage and a battalion of the Fourteenth cavalry.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at all drug stores; 25c.

DON'T NEGLECT A COLD.

Neglected Colds Lead to Consumption.

How Pretty Miss Powell Was Restored to Health by Pe-ru-na.

Miss Lillian Powell, Aurora, Ind., writes:

"Last spring I caught a severe cold from getting my feet wet and being out in the rain, and in a day I had a most miserable cold, but I neglected it, thinking it would soon leave me. But it hung to me for two weeks, when I felt something must be done, as my condition was serious.

"I had heard so much about Peruna and in its praise that I bought a bottle and began taking it regularly. I was gratified to find that in a week the cold and cough was broken up, and three weeks' treatment completely restored my usual good health."—Lillian Powell.

How Consumption Develops.

Nine cases of consumption out of ten occur in this way:

A person catches cold. The cold is not properly cured, and another cold is caught.

This cold is dilly-dallied with, either by no treatment whatever or some treatment that is ineffectual, and the cold continues.

Then another cold is caught and a cough develops. Cough syrups are resorted to, but they give only temporary relief.

By and by the patient gets tired of taking medicines and cough syrups and gives up in despair.

The cold continues to develop and the cough grows worse.

Then the doctor is called in, only to discover that the patient is in the first stages of consumption.

It was just in this way that Miss Powell, of Aurora, Ind., became sick. She caught a cold, and not considering it serious, neglected it, thinking as many others do, that it would "wear off."

However, it clung to her tenaciously, and in two weeks she found her health in a serious condition.

Fortunately, Peruna had been brought to her notice, and she took a course of this remedy before it was too late.

In a week the cough and cold were broken, and a three weeks' treatment completely restored her to health.

This is what Peruna is doing all the while. Not a day, and probably not an hour passes in which some one does not have a similar experience with Peruna.

Cure the Slight Colds and Avoid Consumption.

The first step toward consumption is a cold. The next step is a failure to cure it promptly. The third step is the development of catarrh, which gradually becomes chronic. The fourth step, the catarrh begins to spread from the head to the throat, then to the bronchial tubes, and finally into the lungs. It is then consumption in the first stage.

At any time during the progress of catarrh, from the first onset of the cold to its final settlement in the lungs, Peruna can be relied upon to stop the disease. If you have taken a cold, buy Peruna without delay. One bottle in the beginning will do more good than a half dozen bottles after the catarrh has fastened itself on the lungs.

Thousands of Testimonials.

We have on file thousands of testimonials from people who have been cured of catarrh of the lungs by Peruna. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

Admiral Chester in London.

London, Nov. 24.—Rear Admiral Colby Chester came to London today from Gravesend where the United States cruiser Minneapolis is coaling. He said that the report that the warship had touched ground off the French coast was incorrect. Admiral Chester has been istructed to remain at Gravesend and await orders from Washington before proceeding to the Baltic.

If the Baby is Cutting Teeth

Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, sodden bread which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

NEWS TERSELY TOLD.

Official circles at Madrid expect King Edward will visit Madrid in May following Emperor William's visit to this city in April.

Three thousand dollars has been subscribed in Toronto and Montreal for Queen Alexandria fund for the unemployed of London.

Ed Tanner, aged 25, was killed at Hopkinsville, Ky., this morning by being caught between two freight cars. He lived at Earlington, Ky.

The Russians propose to send six army corps home from Manchuria, but to allow three army corps with 322,000 men and 1,400 guns to remain for the time being.

Contribution sreceived yesterday to the Jewish relief fund by the committee having that fund in charge amounted to $50,371.69, making a grand total received to date of $660,756.82.

The Chesapeake and Ohio transfer barge with six loaded cars sank in the Ohio river this morning. The steamer Bob Ballard had a narrow escape. Loss estimated at $16,000.

A dispatch from Tokio says that a message received this morning from Seoul states that Marquis Ito was slightly injured by a stone thrown by one of a party of disorderly Koreans Wednesday night.

King Haaken VII, Queen Maud and Crown Prince Olaf started from Copenhagen today in the Danish Royal yacht Dannebrog, for Christiania. Great crowds gathered to witness the departure of the new ruler of Norway.

A cable dispatch from Caracas, Venezuela, says that President Castro now asks France to present the reasons upon which she founded her protest regarding the action of Venezuela against the French Cable company.

Cramp In the Legs.

People who are subject to cramp in the legs should always be provided with a good strong piece of cord, especially in their bedrooms. When the cramp comes on take the cord, wind it round the leg over the place where it is cramped, take an end in each hand and give it a sharp pull, one that will hurt a little, and the cramp will cease instantly. People much subject to cramp in bed have found great relief from wearing on each leg a garter of wide tape which has several thin slices of cork stitched on to it.

The Postmark.

Great Britain, it is said, can, without fear of contradiction, claim the honor of having originated the postmark. The first one, which was used in London as long ago as 1690, was a very simple affair, consisting of a small circle divided into two parts. In the top portion were two letters indicating the month, while in the lower half the day of the month was shown. No endeavor was made to denote the year, and it is only by the dates of the letters on which the mark is impressed that it is possible to fix the date of its use.

Finger Rings Among the Ancients.

The hands of female mummies found in the tombs of Egypt are literally covered with rings, in many instances there being from two to six on every finger. In some cases these ornaments are composed wholly of gold, but in others, which probably represent all that is left of some poor man's wife or daughter, the rings are brass, glass or pottery ware. According to Josephus and Herodotus, the Chaldeans and Persians and the Babylonians were all very fond of rings and other personal ornaments.

How Thermometers Are Made.

A small glass tube blown into a bulb at one end is partly filled with mercury. The mercury is boiled to expel the air and fill the tube with mercury vapor and then the tube is hermetically sealed and allowed to cool. The gradations are found as follows: The instrument is immersed in ice water and the freezing point is found and is marked. Then it is placed in water, which is allowed to reach the boiling point, and so 212 degrees is found. The spans between are marked by mathematical calculations.

A Balky Mule.

It is stated on the authority of officers in the Confederate army that a balky mule decided the battle of Gettysburg. The southern and northern troops were both attempting to reach an eminence the position of which practically decided the battle, and the southern column was blocked by a balky mule just long enough to enable the northern troops to gain the eminence, and so that balky mule really decided the battle.

Jere Black on Thad Stevens.

It is related that Judge Jere Black once said of Thad Stevens that "he was one of the brightest men ever born and could say the smartest things, but that, so far as being under any sense of obligation to his Creator for superior mental endowments, his mind was as barren as the wilderness."

Colophon.

Colophon was a city of ancient Ionia, nine miles north of Ephesus, and near the sea. It was said to be the birthplace of Homer, and near it was a famous oracle of Apollo. The Greek proverb, "To put a colophon to it," meaning to end an affair handsomely, is explained by Strabo as arising from a belief that the cavalry of Colophon was so excellent in quality that their charge was always decisive in a battle. Hence arose the custom of calling any device or monogram or printer's name or sign or date of printing in old printed books a colophon in the sense of a definite, satisfactory end.

Tycho Brahe.

It was the great eclipse of Aug. 21, 1560, that turned Tycho Brahe into an astronomer. He was in his fourteenth year at the time, a Danish boy of noble origin, and had been destined first for the army and then for the law. But the accuracy with which the eclipse was predicted impressed him with the belief that astronomy was a divine thing, and thenceforward he devoted his life to it. The debt of astronomy to Tycho Brahe not only for his own work, but as the man who shaped the genius of Kepler, can scarcely be overestimated.

Dinner In a Bell.

In the tower of Erfurt cathedral hangs a huge bell ten feet high and thirty feet in circumference, weighing thirteen tons. Within this in July, 1713, dined ten of the town's most opulent burghers on dishes cooked in a kitchen temporarily erected on the beam that supported the ponderous mass of tintinnabulary metal. To celebrate this repast medals were struck, having on the obverse the portraits of the guests and on the reverse the representation of the curious scene.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Running the Gantlet.

"Running the gantlet," a punishment supposed to be peculiar to the American Indians, was originated in the British navy. Every sailor in the crew but the offender to be punished was provided with a switch, which he was required to lay briskly on the bare shoulders of the man who did the running between the two lines. The Indians observed the punishment inflicted in Virginia and Canada and copied it as a form of torture.

Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth" 25c, 50c and $1. Sold by W. W. Johnson.

Shibboleth.

Shibboleth is a word frequently used in politics, though it may be doubted whether many politicians know the history of it. Curiously enough, this Hebrew word really means "an ear of corn" as well as a "river," but its significance for moderns arises from the fact that it was employed as a test to distinguish the Ephraimites from the Gileadites, the former being unable to pronounce the "sh" sound.

"I Thank the Lord!"

Cried Hannah Plant of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at all drug stores; 25c.

Tom Reed's Wit.

Congressman Morse of Massachusetts was a great admirer of Speaker Reed, to whom he said on one occasion, "Do you know, Mr. Reed, the people are talking a great deal about you for president, and I would not be surprised if they elected you president some day?" "Well, Morse," was the dry comment of the speaker, "they could do worse and I have no doubt they will."

In Use.

Mamma (at breakfast table)—You should always use your napkin, Georgie. Georgie—I am using it, mamma. I've got the dog tied to the leg of the table with it.—Golden Days.

Worm Destroyer.

White's Cream Vermifuge not only kills worms, but removes the mucous and slime in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. Sold by W. M. Johnson.

NOTICE SPECIAL MASTER'S SALE

Under and by virtue of a decree issuing out of the Circuit Court of the Eighth Judicial Circuit of Florida, in and for Alachua county, in chancery, in a cause pending therein wherein John A. Calhoun was complainant and J. M. Shipman and Clarence Y. Shipman, co-partners and trading under the firm name of J. M. Shipman & Son, et al, were defendants, by the Honorable J. T. Wills, Judge of said court, dated the 10th day of October, A. D. 1905, wherein it was ordered and decreed that certain mortgaged property, to-wit, the following described property situate, lying and being in the county of Alachua, State of Florida, and particularly described as follows towit: One entire sawmill plant complete, including machinery, boilers, engines, saws, blacksmith's tools, machinery tools, and all other property and appurtenances thereunto attached and belonging to the said sawmill now located on the Seaboard Air Line Railway about three miles south of Archer in county of Alachua, Florida, and all the right, title and interest of the said J. M. Shipman and Clarence Y. Shipman, co-partners trading under the firm name of J. M. Shipman & Son, in and to the land upon which said sawmill plant is located, together with the buildings, improvements and all and singular the tenements, hereditaments and appurtenances thereunto belonging and appertaining, be advertised and sold to satisfy and pay a certain sum of money therein specified, and whereas, I, W. E. Baker, was appointed Special Master to execute said decree at the time and place and in the manner prescribed by law, now, therefore, notice is hereby given that I, W. E. Baker, Special Master as aforesaid, in pursuance of the said decree, on the 4th day of December, A. D. 1905, the same being legal sales day, between the legal hours of sale, will offer for sale and will sell at the mill site of J. M. Shipman & Son located on the Seaboard Air Line Railway about three miles south of Archer in Alachua county, Florida, the above described property and every part and parcel thereof to the highest and best bidder therefor for cash, and will make, execute and deliver to the purchaser suitable conveyances for the same.

STYLES IN COATS.

Origin of the Cutaway Frock, the Sack and the Dress Coat.

The modern cutaway sprang from the body fitting justaucorps of the French as known to the courtiers of Louis XIV. and Louis XV., and the garment was in turn probably evolved from the frock or tunic worn in the fourteenth century.

The first trace of a cutaway in anything like its present form, says the Sartorial Art Journal, is seen in old prints of French military uniforms, early in the eighteenth century. For civilian use it was worn in England about 1785 as a riding coat, the tails being very long. In 1893 it was adopted in France for walking as well as for riding and was then in shape and cut much nearer the modern cutaway than any of its predecessors, though it was usually double breasted.

Early in the nineteenth century the cutaway had eight or nine buttons, only the fourth, fifth and sixth being used. This admitted of the wearer showing his neckcloth, fancy waistcoat and frilled shirt to the best advantage. Not till 1840 or thereabout did the cutaway become almost identical with the modern garment and since then the changes in its shape have been comparatively slight. In 1841 the word "cutaway" became a fixture in the language.

The old colonial uniform worn by Washington, with its flaps buttoned back; the coat worn by Nelson at the battles of St. Vincent, the Nile and Trafalgar, and the coat worn by Napoleon when on his way to St. Helena were all in a general way similar to the cutaway frock.

The conventional dress coat of our time is a refined younger brother, so to speak, of the cutaway frock, and for it we are indebted to the French, who on the other hand credit the English with originating the coat that has evolved into our double breasted frock. The coat last named was introduced into France by Montesquieu in the year 1750.

Incidentally, we may add, the present black dress coat has by the English speaking nations been restricted to evening wear little more than half a century. In some continental countries the dress coat is "proper form" for wear at court or other important formal assemblages held in the daytime.

The sack coat probably dates from the "Macaronies," who introduced it into England in 1772, though a garment somewhat similar was worn by the Roundheads of Cromwell's day.

POINTED PARAGRAPHS.

An elderly person is a mighty poor judge of a circus.

We don't blame the children. We have done worse than kick and scream to have our way.

The young hate work, but it is the last pride, the last joy of the aged, that they are able to do it.

Sometimes a hostess has this kind of misfortune: Her guests have such a good time they don't want to go home.

Be careful what you say to some people. [N. B.—On second thought we have decided not to use that word "some."]

When a man has a picture taken, for the first five weeks afterward he spends a great deal of time in taking surreptitious looks at it and wondering if every one else sees the good points in it so plain to his eyes.—Atchison Globe.

Minute Animal Life.

"The microscope teaches us," says a scientist, "that there are animals so wonderfully minute that if a thousand of them were ranked abreast they could easily swim, without being thrown out of order, through the eye of the finest cambric needle ever made. Yet each of the minute creatures is a highly organized number of particles, capable of moving about, of finding and devouring food and of behaving in all respects as becomes an animal as distinguished from a fragment of unorganized matter." The human mind is utterly incapable of realizing the structure of these little creatures and of fully appreciating their marvelous adaptation to the life they are destined to lead.

Varied Commencement Addresses.

An anxious inquirer was discussing with Bishop Prendergast the complex nature of some of his episcopal duties. "I should think you would find giving addresses at commencements particularly trying," said the inquirer questioningly. "I do," sighed the bishop. "How can you manage to find anything original to say year after year?" probed the inquirer, determined to get at the root of the matter. "Oh, I don't," said the bishop, his face lighting up and expanding into a whimsical smile. "I don't say anything original. Each time I simply use different adjectives."—Philadelphia Record.

Their Special Favorites.

She—I am so fond of trees! The oak is my favorite. It is so strong, so noble! Which do you like the best? He (promptly)—Yew.—Judge.

May Weddings.

May weddings are supposed by many persons to be unlucky. It is a heritage from the ancient Romans. A May bride, says Ovid, is short lived, his explanation being that the month included the celebration of the Lemuria in honor of the dead. Apart from any evil omen, such a time of mourning would interfere with the bathing and toilet arrangements that were proper preliminaries to weddings. Plutarch suggests that, as April was the month of Venus and June that of Juno, to select May was to slight those nuptial goddesses and that June, as the month of the young (juniores), was preferable to May, the month of the old (majores). Ovid's "Mense malas maio nubere vulgus ait" (there is a popular saying that wicked women wed in May) was inscribed on the gate of Holyrood when Mary, queen of Scots, married Bothwell in May, 1567. What followed strengthened Scottish belief in May's unluckiness.

The Term "Crony."

Every one uses the term "crony" in the sense of "chum" or "pal," and the phrase "old cronies" has become specially familiar, but it is doubtful whether the original word bore any reference to friendship. The new English dictionary puts down its origin to academic slang and quotes the immortal Pepys for the earliest instances of its use. Quite recently, however, an old letter of a still earlier date has come to light, in which a scholar is described as "content to destroy his body with night labors and everlasting study to overtake his chronyes and contemporaries." From this it would seem clear that the word was a bit of university jargon, used to denote students of the same date and coined from the Greek word that appears in the terms "chronology," "chronometer," "chronograph," that are connected with time.

Sheridan's Trap.

Any interruption while he was making a speech always caused Richard Brinsley Sheridan considerable annoyance. On one occasion the dramatist showed his displeasure of a fellow member of the house of commons who kept crying out "Hear, hear" every few minutes. During a certain debate Sheridan took occasion to describe a political contemporary who wished to play rogue, but had only sense enough to act fool. "Where," exclaimed he, with great emphasis—"where shall we find a more foolish knave or a more knavish fool than he?"

"Hear, hear," was shouted by the troublesome member.

Sheridan turned and, thanking the honorable member for the prompt information, sat down amid a general roar of laughter.

Tactful.

Mrs. John Sherwood was as famous for her exquisite nature as for her fine style. At a dinner one night at the time when her novel "The Transplanted Rose" was having a wide circulation her neighbor turned and asked in perfect good faith the almost incredible question, "Mrs. Sherwood, do you know who wrote 'The Transplanted Rose?'"

"It sounds as though it might be Hardy," laughed the gifted woman without a trace of ill nature.—Woman's Home Companion.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

For Sale Cheap—Small brick making plant, comprising one Nagel engine and boiler, 50 horse-power Henry Martin letter "A" brick press, pug mill, sander, elevator, hand press, shafting, etc., all under cover and been very little used. J. M. Dickinson, Narcoossee, Fla.

The Atlantic Coast Line offers a rate, Gainesville to Tampa and return, account Florida State Fair, of $4.75, tickets on sale from the 13th, good to return after the fair. Train leaves Gainesville at 12:15 p. m., daily. See J. A. Goodwin, ticket agent, for particulars.

Have Bought Fine Horse.

The Gainesville German Coach Horse Company has been organized in this city, and the first purchase was the famous German Coach stallion "Debent," which was brought here several days ago from the famous stock farm of Crouch & Son, Nashville, Tenn. This stallion has a record which all stockmen will readily appreciate, and is admired by all who know a good horse.

The officers of the company are as follows: John B. Dell, president; Henry Davis, secretary and treasurer; O. P. Cannon, J. A. Robertson and A. L. Daughtrey, directors. The company is composed of Crawford & Davis, T. W. Shands, O. P. Cannon, A. L. Daughtrey, John B. Dell, P. H. Baker, J. A. Robertson, J. R. Fowler, Ira J. Carter, J. H. Holly, C. W. Chase, W. R. Thomas, A. L. Jackson and A. B. Zetrouer.

Real Estate Deal.

The Alachua County Abstract Company has in the past few days negotiated the sale of four very desirable building lots in the residence portion of the city, and this company has several other very good deals on. There are many inquiries regarding city lots at the present time, and the real estate market will be looking up in a few days.

It is quite certain there will be no drop in Gainesville soil this year, as holders feel confident that there will be a better demand later in the season from people seeking desirable locations for homes in the South.

The Revival Meetings.

Dr. Strouse is preaching very interesting, evangelical sermons every evening at the Methodist church. There will be a prayer and missionary service this afternoon at 3 o'clock, but no service tonight.

On Sunday morning at 10:30 o'clock Dr. Strouse will conduct a special service for children and parents. All the Sunday school scholars are expected to remain to the service.

The meetings will continue next week with service each day at 3 p. m. and 7:30 p. m.

Week of Prayer.

The following is the program for this afternoon at 3:30 o'clock, for the week of prayer service:

Subject, "Brazil"—Mrs. Wm. Pepper, leader.
Hymn.
Scripture Lesson, Matt. 3.
Responsive Verses.
Prayer.
Gloria Patria.
"A Missionary's Observation"—Miss Kennedy.
Talk, "Woman's Work"—Mrs. McBeath.
Song.
Reading, "Home Work While Helping Brazil"—Mrs. DaCosta.
Leaflet, "The Women of Brazil"—Mrs. Padgett.
Prayer.
"The Eliza Bowman School"—Mrs. L. W. Fennell.
Doxology and Benediction.

N. W. Littlefield of Blackshear, Ga., was in the city yesterday on business. Mr. Littlefield was for a time connected with the H. F. Dutton & Co. cotton business in this city and made many friends who are always pleased to meet him.

READ THIS.

CLARKSVILLE, TENN., June 6, 1901.

Dr. E. W. Hall, St. Louis, Mo.: Dear Doctor—It is with pleasure that I recommend your Texas Wonder for kidney and bladder troubles, as my wife and myself have both used it and experienced wonderful relief from its use. CHAS. W. BERRY.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.
